

CUSTOMER PROFILE

THE CORNING MUSEUM OF GLASS

The Corning Museum of Glass is the world's best collection of art and historical glass with more than 45,000 objects that trace 3,500 years of glassmaking history. Located in the Finger Lakes Wine Country region of New York, this unique museum attracts up to 2,500 visitors a day during its peak season. The museum utilizes CounterPoint for their food, admission, ecommerce and retail sales. On a busy day over 4000 transactions are processed through the POS system.

"We can have 25 buses arrive within minutes of each other," says Shelley Peterson, Retail Operations and Guest Services Supervisor for the museum. "We need to be prepared for our guests, guaranteeing fast and accurate transactions. This is a pivotal part in providing great customer service. Over 25 registers can generate 300 plus transactions per hour. CounterPoint keeps our lines moving –which improves customer service and total sales volume," adds Peterson.

Like many retailers, The Corning Museum of Glass hires seasonal employees during peak months. CounterPoint is an ideal solution as it's an intuitive application that new employees are able to learn and understand quickly. "The touchscreen interface is extremely user-friendly," explains Peterson. "It only takes me 20 minutes to train new employees. This is especially important during the summer where we are hiring season employees and need to quickly have them up to speed."

The Corning Museum of Glass is continuously looking for more efficient ways to service their customers and operate more efficiently. With the help of CounterPoint, CPGateway, Radiant Hardware and CPOne they have been able to better service their customers and expand their business. "We look forward to working with our Radiant Retail Partner, Retail Control Systems, and Radiant Systems for another 10 successful years," concludes Peterson.

➤ EXPAND YOUR HORIZONS

CounterPoint is ideal for retailers of all sizes and will grow with your business. From single-site to multisite, CounterPoint delivers consistent performance across your entire organization.

➤ SIMPLIFY YOUR LIFE

Only Radiant Systems offers businesses a complete retail solution. Everything you need to automate your business is produced from one company.

➤ BOOST YOUR BOTTOM LINE

The ability to track your inventory, manage your vendors and sell your goods online will increase your profitability.

➤ MAKE PROFITABLE DECISIONS

CounterPoint allows you to get to the heart of your data, allowing you to view it, export it, and manipulate it to fit your specific needs.

➤ ACCELERATE YOUR BUSINESS

Streamlined point of sale means faster tickets with minimal errors. On-the-fly data entry lets you add records from anywhere in CounterPoint, and data driven lookups help you find those records in a flash.

"COUNTERPOINT HAS PROVEN TO BE BOTH ECONOMICAL AND EFFICIENT IN PRODUCING THE RESULTS THAT WE REQUIRE."
