

# RADIANT P1515 POINT-OF-SALE TERMINAL FOR THE RETAIL INDUSTRY

The Radiant P1515 point-of-sale (POS) terminal provides an exceptional combination of performance, reliability, flexibility and low total cost of ownership in a compact package that fits virtually anywhere in any type of retail location. With a bright 15-inch touch screen display, the P1515 maximizes speed of service with fast user entry in brightly-lit counter installations. The P1515's silent operation ensures that installations can be close to where employees work, improving guest service without affecting décor or atmosphere. The P1515 is durable and reliable, while at the same time economically priced to maximize value in retail locations.

RADIANT P1515 POS TERMINAL

## ➤ SERVE CUSTOMERS FASTER

Serve customers faster and more accurately with a value-priced POS terminal that stands out by combining small size with high power. Using the cutting-edge Intel® Atom chipset technology, a bright display and very fast sign-on options, the P1515 combines speed for your customers with ease of use for your staff.

## ➤ INSTALL IT ANYWHERE

Put your investment where your staff and customers are to maximize productivity and service. The P1515 is tough enough to go where you need to put it, with a rugged enclosure and electronics.

## ➤ CONNECT IT TO EVERYTHING

With connections for up to ten peripherals and different customer display options, the Radiant P1515 can connect directly to all the retail devices you need to serve your customers quickly.

## ➤ REDUCE YOUR COSTS

Eliminate technology-related service interruptions. The Radiant P1515 POS is built for non-stop sales reliability, rapid installation and fast return-to service. Designed with the challenging retail environment in mind, the P1515 is completely fanless, which translates into better performance, lower power consumption and higher reliability.

The Radiant P1515 POS terminal provides a truly unique combination of unmatched value and configuration flexibility that can meet the needs of almost any operation. With fanless cooling technology and a rugged design specifically created for the retail industry, the P1515 can be used virtually anywhere in your operation. Choose the P1515 for a fast, bright, cool, quiet, tough and well-connected POS terminal with higher uptime, longer life and the best service options available anywhere. Intel® Atom chipset technology and environmentally-friendly components in Radiant hardware combine to reduce power usage and support green initiatives.
